SLEEPS BY SIDE OF WIFE HE HAD CHOKED TO DEATH

Suspects Attempt To Poison Him When He Finds Iodine In Teacup

BOSTON, Mass., July 23.—John Henry, 32 years of age, living at 72 Sterling St., Roxbury, walked into Roxbury Court Friday morning and confessed to the police that he had killed his wife, Mrs. Genevieve Henry, who is 20.

He is being held at the Roxbury Crossing Station pending investigation.

Feared Poison Plot

Henry told the police he had killed his wife because he believed he had discovered her in an attempt to poison him.

He said he went home Thursday afternoon and she offered him a cup of tea. As he put the cup to his lips she dashed it from his hand. Later he found a bottle containing iodine in her handbag.

Henry believes that there was poison in the tea his wife offered him, but for some reason she finally became reluctant to have him drink it.

Chokes Wife, Puts Her in Bed

Finding how nearly he had come to being poisoned, Henry says he became enraged, threw his wife on the bed and choked her.

A few hours later he pushed her over and went to sleep in the same bed.

When morning came he discovered his wife dead. Medical Examiner Leary said she had been dead several hours.

FOUR MEN KILLED AS MOB STORMS THEIR HOME

MONROE, La., July 23.—Posing as deputy sheriffs a mob of 200 whites surrounded four men in a house near Rayville Monday, and after riddling the house with bullets, shot the men dead.

Two women who were with the four defenders, escaped before the shooting became general. Several white men in the attacking party were killed and wounded. Their identity has been kept secret, but it is known that Monroe Ferguson, white, a member of the mob, was killed. He was a prominent business man in Rayville.

The battle resulted from attempts of so-called "deputy sheriffs" to beat up two women of our race because the women resented having naked white boys bathe in a swimming pool in sight of their home.

The killed are Charles Kelly, Scott Bellfield, William Gibbs and Cleo Collins.

MAN WHO SHOT THROUGH CHURCH WINDOW KILLING 3, GET LIFE SENTENCE

RISON, Ark., July 23.—George Frazer, 43, who was convicted of murder in the first degree, has been sentenced to ninety-nine years in prison.

Frazer, who shot through a church window at New Edinburgh, killed three women with a load of buckshot. He is said to have been shooting at Mrs. Sudie Hardaway, an object of his love. She was among the three killed.

Capture Robber Who Fleed When Pal Was Slain

MEMPHIS, Tenn., July 23.—Ersine Jarnon, who escaped May 1, when his pal, Isaac Cobb, was slain by policemen following a holdup was captured a mile north of Frayser Station last week. Jarnon escaped by rolling down an embankment after he had been shot in the hip.

BOLD BOMBERS BLAST BUILDING AS COPS GUARD IT

Second Bombing In Two Months Occurs As Cops Walk Beat In Front Of Building

For the second time within two months a bomb was exploded Thursday night between the buildings at 423 and 431 E. 48th Pl.

The blast shattered the windows in almost every building between Grand Blvd. and Vincennes Ave.

The bombing, which was one of the most daring in the history of South Side bomb warfare, was committed while two plain clothes officers were watching the house to prevent violence.

One of the watchers, Detective Sgt. James B. Tucker, who lives at 513 E. 37th St., was cut about the legs by flying glass.

After being taken to the President Hospital where his wounds were dressed, Sgt. Tucker said that he had seen no one in the vicinity of the buildings for two hours preceding the outrage.

The building at 423 E. 48th Pl. is occupied by the family of J. H. Kristner. The building at 431 E. 48th Pl. is occupied by the family of E. N. Butler, white.

It is said that there is much bitter feeling between the races in 48th Pl., which is only one block long, and trouble has been expected momentarily.

NAB 3 PROMINENT WHITES AS KU KLUX

Waco, July 9.—Three prominent men, charged with "white capping" and carrying concealed weapons, were freed on bond today following the tar and feather party last night at which K. Cummins, white man, was the victim.

The three Waco men who were released on bonds were: Will Edmond, automobile; B. Hayes, Jr., said to be in the insurance business; O. D. Reed, automobile mechanic.

Authorities announced this morning that at least one more arrest is expected.

Cummins is positive of his identification of the men. He said he lifted the blindfold they tied around his face long enough to recognize as the leader a prominent physician in Waco.

County Attorney Frank B. Tiery declared today that a thorough investigation of the affair will be made and that other arrests may be made.

Cummins was attacked previously by several masked men, after he had received a warning to leave Waco signed by the Ku Klux Klan. On that occasion he escaped his captors after his wife had fired several shots at them. Late yesterday four masked men in an automobile seized Cummins and took him to the cedar brakes north of town. Several detectives and a motorcycle policeman followed the party.

Reaching the scene the authorities found the road blocked by a rope bearing the sign "danger." Cutting the rope, they proceeded. A few minutes later three masked men and Cummins appeared in an automobile. Cummins had been tarred and feathered to the waist.

The officers forced the three masked men to accompany them to the police station where charges were placed against them. Bond was fixed at \$1,000 on the white capping charge and \$250 on the concealed weapons charge.

Cummins, who was badly bruised, taken home.

Says They Found Him

A complaint charging George Jackson with white capping was also made. It is understood the four men against whom complaints have been filed claim they were motoring northwest of Waco when they found Cummins. They declared they were taking the victim of tar and feathers back to town when they were arrested.

BRUNDAGE NOT IN ON SYNDICATE RAIDS

It has developed since last week that Attorney General Brundage had no connection with the investigators who kidnapped Carter Hayes, alleged "syndicate" runner last week. It appears that the arrest was made through other channels.

Name South Side Druggist In State "Exam" Leak

SPRINGFIELD, Ill., July 23.—Confession by Cassius Erler, and E. H. Erler, white, two brothers, holding official positions with the state department of education and registration, expose several leaks through which dental, pharmaceutical and other examination questions were sold to applicants.

Cassius Erler, in his confession, said that he secured the questions and distributed them six days prior to the June examinations. He said: "I received no money for the questions, but expected to get \$900 after the examinations if they were correct."

In his confession Erler said he gave a set of the questions to a South Side druggist in Chicago for distribution. The name of the druggist has been withheld.

TROTTER FORCES HARVARD TO DROP JIM-CROW RULES

FON, Mass., July 23, 1921.—Something new manifested itself at Harvard on Tuesday, July 23, at the Summer School, Monday, Miss Eunice Hudson of Anniston, Ala., and Miss Galfrey Young, daughter of Pres. Young of Tallahassee, Fla., were given their rooms the night before in Gore Hall but after breakfast on Tuesday found a note in their room directing them to see Director Murray.

They requested them to find rooms outside with colored families as "it might be unpleasant to room with the white girls." They had a double suite in the Freshman Dormitory. They found the house of Mrs. E. T. Morris, wife of the president of the Boston Branch of the National Equal Rights League. Mrs. Morris told the girls to keep their rooms and she telephoned to Secretary Trotter.

When he arrived he found Miss Roberts of Jacksonville, Fla., who had part of a double suite and had been sent to Mr. Murray and not even permitted to enter her room. Mr. Trotter escorted her to Gore Hall, with Miss Bessie Miller, and when the hostess gave a false excuse and said she was powerless, all went over to Mr. Murray. Here ensued an argument of a full half hour between Director Murray, who was "avoiding unpleasantness for the colored girls as some Southern women were students," and Secretary Trotter, who insisted race discrimination was not the policy or spirit of Harvard University, and that the girls have their rooms and rights.

Finally Trotter prevailed. Miss Roberts was escorted to a single suite in Standish Hall by Secretary Trotter and secured her room. The other girls were advised to stand pat and nothing more was heard of the color line. This was an important victory.

Claim Confession Beaten From Condemned Man

NASHVILLE, Tenn., July 23.—A delegation of ministers called upon Gov. Taylor last week to ask him to grant executive clemency to the five men who are condemned to die in the electric chair next month. They petitioned the governor to commute sentences of the five men to life imprisonment, claiming that confessions were beaten from them by the arresting authorities. Gov. Taylor told the delegation that if they would show him where an error had been made in the conviction of the men he would take their cases under advisement. The five men who are sentenced to die are: Taylor Neal and Cyrenus Jackson, of Hamilton county, convicted of murdering a young Jew of Chattanooga; Hamp G. Holston, of Shelby county, convicted of killing a Main street jeweler of Memphis; Will Allen and Chesty Graham, of Jackson, convicted of the murder of Harry Allen at Savannah, Tenn., about two years ago.

CHATTANOOGA, Tenn., July 23.—Henry Wise committed suicide here by drinking acid last week after losing \$100 in a crap game.

ACTS OF MASKED MOBS IN SOUTH SIDE STIR LAWMAKERS

Legislatures And Judges Alarmed At Activities of Self Appointed Government

BEAUMONT, Texas, July 23.—Southern lawmakers are being stirred to action by the recent indiscriminate action of masked mobs, who have practically set up a government for themselves in Dixie.

Pendulum Swings Backward

Mob violence, which was originally invoked against the Black Man, has had its inevitable effect upon the public mind. For years it was allowed to exist unchecked, and no attempt was made to uphold the majesty of the law. Today the white man is almost as frequently a victim of mob violence as is the black.

Texas Legislature to Investigate

The Texas legislature, which has convened in extra session, is expected to make an investigation of the epidemic of assaults upon citizens in various parts of the state by masked mobs, in which the victims are tarred and feathered and later released upon the streets.

These incidents had their culmination last week in the tarring and feathering of a white woman, Mrs. Beulah Johnson, of Shelby County. R. E. Scott, white, a veteran of the world war marine service, was also tarred and feathered.

Florida Grand Jury Acts

MIAMI, Fla.—The Dade County Grand Jury has started an investigation of the tarring and feathering of the Rev. Phillip S. Irwin, white, pastor of St. Agnes Episcopal Church, who, after being tarred, feathered and beaten, was dumped out on one of the main streets of Miami. He was charged with "preaching social equality to Negroes."

Arrest Three in Missouri

WARRENSBURG, Mo.—Three men have been arrested here and an investigation started into the whipping of Richard Johnson, white, 68 years old, by a masked mob near here.

HOLDUPS GOUGE EYES, KNOCKOUT TEETH

Samuel Foster, 26, 5220 LaSalle Street, was accosted by two men at 1 a. m. Thursday morning on Fifty-third Street, between LaSalle and Federal Streets. They proved to be holdups and demanded money of him. When Foster resisted they attacked him, knocking out his teeth, beating him over the head and gouging his eyes.

Hearing his outcry, police rushed to the scene, and he was taken to the County Hospital.

CONCERTED EFFORT TO BE MADE AGAINST LYNCHING

WASHINGTON, D. C., July 23.—Enlistment of all churches in concerted endeavor to stamp out mob violence and lynching in America and establishment of inter-racial committees in local communities were included in the program adopted by the Commission on Negro Churches and Race Relations, created by the federal council of churches in Christ in America.

Other features of the program are "to provide a central house and meeting place for the churches and for all Christian agencies dealing with the relation of the white and Negro races" and "to promote mutual confidence and acquaintance, both nationally and locally, between white and Negro churches."

The meeting was the first held by the commission. John J. Eagan, of Atlanta, was named chairman of the inter-racial commission, the vice-chairman of which will be selected from the churches.

SOUTH SIDE BUSINESS EXPOSURES

Article No. 3

203 EAST 31st STREET

Following in the wake of the Franklin Trust and Savings Co., which employs no colored people and refuses to patronize their periodicals notwithstanding the fact that hundreds of thousands of their dollars are on deposit there, came the Pickford hat shop whose representatives openly boast that they get all the trade from colored people that they can handle and even though they fail to employ colored people or do business with their newspapers. Now comes one of the most brazen insults that any community has yet suffered.

A restaurant which is controlled and operated right in the heart of the Southside, 203 East 31st St., refuses to serve colored people and have the nerve to come out and admit that they do not cater to them. This would not be surprising if this restaurant was located on Halsted or in the loop but it is indeed galling to behold the nerve of these foreigners who seek to make inferiors out of us.

How to Get Redress
If you wish redress from this restaurant go in and order your food. Do not be hoisterous or disorderly. If the waiter takes unreasonable time to serve you call his attention to the fact and ask him if he intends to serve you. Always have some one with you as a witness. If you are refused service ask the waiter if it is against his instructions to serve your race. Then bring these facts to the office of the Chicago Whip located at 3420 S. State St., and we will handle your case under the civil rights bill of Illinois. The Whip is going to expose every business in the immediate community which does not treat the colored people fairly.

JACKSON AND ANDERSON BOTH TO HAVE WARD UNDER NEW PLAN

Under the new fifty-ward plan which is to be submitted to the council Friday, it is understood that a new ward is to be created in such manner that the present Second ward will be split up to make the Second and Third wards with Ald. L. B. Anderson and R. R. Jackson, each in a ward by himself.

If approved by council the new lines will become effective in the spring of 1923, and Chicago will have fifty wards instead of thirty-five as at present, and one alderman for each ward, instead of two, as at present.

NO ATTEMPT IS MADE TO DENY HIM ENTRY

Lands At New York And Prepares For Second 30 Day Convention

NEW YORK CITY, July 23.—In spite of rumors that he would not be allowed to re-enter the United States, Marcus Garvey, the originator and leader of the Garvey movement, entered the port of New York Wednesday, and landed without molestation.

Rumors Hinted Exclusion

It has been freely rumored since Garvey left the United States that the American government, frowning upon his plans for unification of the Black races of the earth, would attempt to exclude him.

It was even reported that the British government would be asked not to give him a passport to leave the West Indies, where he has been lately engaged in spreading the doctrines of the Garvey movement.

Another 30-day Convention

Garvey is now busy making plans for his second annual thirty-day convention of Negroes of the world, to be held in Liberty Hall, New York, August 1st to 31st.

An international Negro Holiday has been set for August 31, which is expected to be celebrated with appropriate ceremonies wherever the Universal Negro Improvement Assn. has branches. Colors adopted last year were red, black, and green. They are expected to be much in evidence at the coming convention.

WOMAN'S SCREAM IN PARK BUSHES PUZZLES POLICE

South Park police are trying to solve the mystery of a woman's screams heard in Washington Park Friday night between Fifty-second and Fifty-third Streets.

Upon hearing the screams South Park Policeman John T. Haab rushed into the bushes and was surprised to see a woman lying motionless on the ground.

Standing over her was James Baylon, 30 years of age, 4228 Evans Avenue. At the sight of the cop, Baylon attempted flight, but was winged by a bullet in the shoulder. He then surrendered.

In the meantime the woman had escaped through the bushes. Baylon, who was taken to the Washington Park Hospital, refused to give her name or account for her screaming.

As the woman made no complaint to the policeman, authorities are puzzled as to the cause of her screams.
